## [The European IPR Helpdesk is looking for case studies: tell us about your IP success story](#)

Would you like your IP success story to be known by thousands of people around Europe?

What about becoming a source of inspiration to SMEs, institutions and researchers?

Tempted?

Then, tell your story as one of the European IPR Helpdesk's case studies and we will spread your success all around Europe!

Case studies are part of the range of publications developed by the European IPR Helpdesk in order to increase awareness of IP. Case studies contain concrete examples on how SMEs, institutions or academics use IP to achieve business success.

The European IPR Helpdesk disseminates case studies free of charge to an audience of more than 13,000 people through its website and through its newsletters, with around 8,000 subscribers.

Check our [library](#) if you would like to find out more about our case studies and contact the European IPR Helpdesk's IP advisors, Alejandra Aluja ([alejandra.aluja@iprhelppdesk.eu](mailto:alejandra.aluja@iprhelppdesk.eu)) and Paula Barnola ([paula.barnola@iprhelppdesk.eu](mailto:paula.barnola@iprhelppdesk.eu)), if you would like your case study published by the European IPR Helpdesk.

We are looking forward to hearing about your success story!
