
[Open Access to scientific publications and research data in Horizon 2020: Frequently Asked Questions \(FAQs\)](#)

Affordable and easy access to scientific information is very important for the scientific community itself, but also increasingly important for innovative small businesses. Improving access to scientific information is also about increasing openness and transparency, which are essential features of Responsible Research and Innovation and contributes to better policy-making.

All projects receiving [Horizon 2020](#) funding will have the obligation to make sure any peer-reviewed journal article which they publish is openly accessible, free of charge.

This fact sheet is written as a frequently asked questions (FAQ) document, in order to answer queries received from Horizon 2020 applicants. This fact sheet should be read in parallel with the “Guidelines on Open Access to Scientific Publications and Research Data in Horizon 2020”.
