
[A guide to ICT-related activities in Horizon 2020 Work Programme 2018-20](#)

The European Commission has published a guide to activities related to information and communication technologies (ICT) in the Horizon 2020 Work Programme 2018-20: Information and Communication Technologies. The guide aims to help potential proposers find ICT-related topics across the different parts of H2020 in WP2018-20. This programme foresees around 6 billion out of the overall budget of EUR 30 billion to be spent on research and innovations in the ICT sector.
